Finance Connected to Corporate Social Responsibility

Turning financial diplomacy into responsible capital and measurable national impact

The Circle is powered by ISPD+ Innovation in Diplomacy CSR because financial cooperation must serve both institutional performance and society. Corporate Social Responsibility is integrated into investment selection, governance, risk management and the measurement of outcomes across every programme area.

Financial Domain	CSR Link and Intended Outcome
Sovereign and Development Finance	National priorities, public value and accountable deployment of capital
Banking and Capital Markets	Responsible products, financial inclusion, transparency and market integrity
Investment Funds and Private Capital	ESG integration, stewardship and measurable long term value
Trade and Supply Chains	Ethical sourcing, labour standards, traceability and resilient local economies
